Mrs. Stefano, World Religions teacher, observes as seniors Mike Malone and Mark Hirshenberger work on the Mandala.

Making a sand Mandala takes a great amount of patience. It also requires a steady hand to make the design precise as demonstrated by Maggie Page.

Supplies for the sand Mandala, made by seniors in World Religions.

Working on the sand Mandala is something that the entire class can enjoy. It is a shame that the Buddhist tradition is to complete the sand Mandala, then destroy it. This lesson teaches us to not hold on to earthly possessions.

# Godspell

*AND the show must go on...*

Godspell is a musical that is based on the lessons taught by Jesus in the Gospel of Matthew. Andrean's cast consisted of Patrick Mueller as Jesus, Christina Kukla as Judas/John the Baptist, Brian Kogut as Herb, Candace Roberson as Robin, Emily Gulbrandsen as Joanne, Yeongsik Sung as Lamar, Katie O'Brien as Peggy, Haley Swanson as Julie, Haley Schrage as Sonia, Jackie Krol as Heather, Caitlyn Pszonka as Gilmer, Troy Sandidge as Bart. During the production the cast would dance, sing, and interact with the audience. Everyone said that it turned out to be one of Andrean's best!

**Patrick  
Mueller  
"Jesus"**

Junior Patrick Mueller played the male lead role of Jesus. Patrick has been in theatre for a lot of his life time. He's done Wasteland, A Christmas Carol, Joseph and the Amazing Technicolored Dream Coat all at Andrean. During Godspell our directors told us to get involved with the audience, well Patrick would take it to another level by playing patty-cake with an audience member or he would sit on someone's lap and teach a parable.

## The Band: THE JAZZ NUGGETS

with; Andrew Flores on Piano  
 Alex Long on Drums  
 Alex Josway (Zeus) on Guitar  
 Kevin Wojkovich on Keyboard  
 Tony Pagorek (Papa Nugget) on Guitar

Andrew Flores has been playing piano for 12 years and his favorite song to play in Godspell was "Day by Day"

Alex Josway "Zeus" has played guitar for 10 years. During Godspell he'd play his "baby". He modified his own Fender Stratocaster that he played for the musical. Unfortunately it was stolen shortly afterwards. Josway's favorite song to play was the "Finale" because he got to "wail".

Kevin Wojkovich has played keyboard for about 6 years. He liked the songs from Godspell that could use a cowbell noise for. Specifically he liked playing the "Finale" because of the chords involved.

This year, both the varsity and junior varsity teams performed well in the Duneland Conference. The varsity team ended the season with a second-place finish, and the junior varsity team finished the season as conference champs.

Ms. Koteles has always taken Andrean students on a trip for spring break. This year she chose England. There are many beautiful sites for all of the students to experience. They visited London, grasped the fresh air at Stonehenge, and even had the chance to see the Roman baths and the original water that it consists of! They also met some great people from Florida that ended up joining them to make the group more exciting. Everyone on the trip recommends that YOU should see England. It really was a fantastic experience!

## Reasons Shelby Will NOT Give Blood

- 1) Just barely reaching the weight requirement. [Scrago....my dog weights more!]
- 2) I have bad blood! I swear it to be true! [Well obviously not if you're still using it]
- 3) Probably Anemic [Iceland! She's always cold!]
- 4) My cold blood of "reptilianness" is probably not human. [You've never seen Godzilla giving blood?]
- 5) I'm for sure I will pass out inevitably [Nothing is for certain]
- 6) I have a slight [understatement!] phobia of needles!
- 7) I hardly have enough blood for myself. [Become a vampire, problem solved]
- 8) I can't sit still long enough to get blood taken from me. [Patience young grasshopper]
- 9) I've had a traumatic childhood experience with taking blood, and getting shots. [Cry me a river, build me a bridge, and get over it!]
- 10) I'll cry like a baby in front of the entire student body [More like ten people...and people will only make fun of you for like a week...is all]

## That's Right!

came in 1st place for the second year in a row! The band members are junior Alex Long, senior Bobby McGreal, Lake Central's senior Matt Cryzter, and senior Alex Josway. Unfortunately, their performance was McGreal and Josway's final good-bye. The musical talents of That's Right will surely be missed at Andean.

Bobby McGreal, vocals and guitar:

"The experience really shined a light on a larger scale show and opened the doors to bigger and better musical things for us. It was euphorically magical."

Alex Josway, guitar:

"This last battle of the bands was a great way to end our musical career at Andean, especially for myself and Bobby as seniors. It was wonderful."

Before during & after the audience fully supported these four bands & really enjoyed the performances:

A Prayer  
for the

# Graduates

Father, I have knowledge, so will  
You show me now, how to use it  
wisely and find a way somehow  
To make the world I live in a  
little better place, and make  
life with its problems a little  
bit easier to face.

Grant me faith and courage and  
put purpose in my days, And show  
me how to serve thee in  
effective ways. So my education,  
my knowledge and my skill may  
find their true fulfillment as I  
learn to do thy will.

And may I ever be aware in  
everything I do, that knowledge  
comes from learning, and  
wisdom comes from you.

Amen.

# Steven Michael Herrera

Congratulations! Steven you have completed a small part of your life's journey and needless to say we are so very, very proud of you. We know that the strength and determination you hold will see you through the next part of life's journey.

Steven, you need only remember not to fear failure, because if you never try and are unwilling to take risks you may never fully succeed. Let your instincts, your intellect and most of all your **heart** guide you.

Time flies quickly and there is only one you, so the steps and decisions you make now will define you for later, Do It Right.

So dream your dreams ... And start in now to make them all come true. We hope and pray your dreams take you to the highest of your hopes, to the windows of your opportunities, and to the most special places your **heart** has ever known.

With Lots of Love,  
 Mom, Dad, Jay, Lymarie and Gilbert

# Drew -

Having you for a son, and watching you grow has brought more joy, pride and happiness than you could ever know.

**Congratulations**  
and  
Good Luck  
at  
Purdue.

Love,  
Mom & Dad

AWESOME!

The Decussata, volume 48, was produced as a completely extra curricular activity at Andean High School in Merrillville, IN and printed by Herff Jones, Inc. in Kansas City. The account was serviced by representative Julie Glenn and customer service adviser Lisa Merino. Editors Lauren Harris, Troy Sandidge and Jackie Krol developed the theme .A.V.D during the summer after exhausting literally hundreds of other possibilities. The cover was designed by the editors with help of the Herff Jones designer and incorporated a two color design which was embossed onto the matte crimson background. Applied colors/foil included 709 RICH GOLD and HJ 6F RED. The endsheets were printed on VC 06 CREAM paper, using PMS 0469 inks. Fonts used include AHJ Chantilly, Alligator and Micro Square. The book's 176 pages are printed on 100# gloss stock. The entire 2010 volume is in full color. Staff used their own cameras to immortalize events, or the yearbook's digital Nikon CoolPix P90 cameras. We also borrowed pictures from the Acropolis (thanks Kelly-Fern!) and begged them off of parents. Pages were submitted to the plant online using hjedesign. Underclass portraits were taken by Inter-State Studio and Publishing Co. Team pictures were taken by Julia Falloon. John Golas Photographers provided the senior portraits as well as professional shots of school and athletic events.

# It goes on...

**A**s the "small town girl" song lyrics by the famous band Journey says: it goes on, and on, and on, and on... This is the best way to put the ending to this glorious year. This is not the end...it's the end of the beginning. We have just begun. For the class of 2010 walking out the door, you're still apart of Andrean's history, present, and future...just as are those who still walk these blessed halls, the ones we have come (for 6 hours out of our day) to have known as home. Yes, we may not all think alike, and we may not always like each other. But at the end of the day, we're all still family. And as a family we are united! We stand tall! We are proud! This my friends, is not the closing page, this is an introduction to all the pages left to be written by you. And as the years go by, so does the 59er tradition. The good thing about tradition it gets passed on from generation to generation. But the best thing about tradition is, it never dies... It goes on,

and on,

and on,

and on...

# 1<sup>ST</sup> 100 DAYS

**ONCE INAUGURATED**, President Barack Obama got down to business, signing executive orders banning harsh interrogation techniques of suspected terrorists on his second day in office. The ban was Obama's first step toward closing the prisons at Guantanamo Bay. **ONE WEEK LATER**, the president signed a labor act guaranteeing equal pay for all workers. Regarding the act, Obama explained that he saw the inequality as a family issue, not just a women's issue. **ATTENTION TO THE ECONOMY** brought the \$787 billion economic stimulus package in the form of February's

American Recovery and Reinvestment Act, controversial legislation which the administration claimed sparked growth as early as the third quarter.

**A TOTAL TROOP WITHDRAWAL** from Iraq by the end of 2011 was announced on February 27, and just a month later Obama announced a renewed commitment to Afghanistan and plans to send an additional 21,000 new troops there. **LONDON'S G-20 SUMMIT** allowed leaders from nations worldwide, as well as regional groups and international institutions, to strategize ways to revive the global economy and stimulate growth.

**SOMALI PIRATES** hijacked an American ship in the Indian Ocean off the Horn of Africa and took Captain Richard Phillips hostage in April. The ship, the *Maersk Alabama*, was carrying food and other aid supplies for the World Food Program. The five-day ordeal ended when U.S. Navy SEAL snipers killed three pirates, freeing Phillips.

**BEA ARTHUR**, two-time Emmy award winner, died of cancer at 86. Probably best known for her *Golden Girls* character Dorothy Zbornak, Arthur began her acting career on Broadway, winning a Tony in the original stage production of *Mame*.

**A 50 TO 1 LONGSHOT** won the 135th Kentucky Derby. Jockey Calvin Borel and Mine That Bird came from behind on a muddy track to win the race by nearly seven lengths.

**VOCALIST SUSAN BOYLE** became an overnight sensation on *Britain's Got Talent*. Her performance quickly became one of the most watched videos on YouTube. Despite a second-place finish in the competition, Boyle's first album, *I Dreamed a Dream*, became the biggest-selling album in the world for 2009 in just six weeks.

**NORTH CAROLINA'S TARHEELS** beat Michigan State 89-72 in the men's Final Four, avenging a title game loss to Kansas the previous season. With the help of upperclassmen Tyler Hansbrough, Wayne Ellington, Ty Lawson and Danny Green, all of whom opted to return for another year with coach Roy Williams rather than heading to the NBA, the Tarheels cruised to their fifth national title and their second in five years. A unanimous pre-season No. 1, the team was UNC's first since 1982 to start and finish the year in the nation's top spot.

**CONFICKER WORM**, a computer virus that targeted the Microsoft Windows operating system, was estimated to have infected more than 15 million computers. It was believed to be the worst computer virus since the SQL slammer worm in 2003. In February 2009, Microsoft offered a \$250,000 reward for help with finding and arresting the people who created the computer worm.

In his 46 years as a senator, Kennedy championed labor, health care, civil rights, education and voting rights. President Barack Obama delivered the eulogy at Kennedy's August 29 funeral in Boston. In addition to the family, Vice President Joe Biden, Secretary of State Hillary Clinton, former Presidents Bill Clinton, George W. Bush and Jimmy Carter, and First Lady Michelle Obama also attended.

## FLUSHOTS

**FLU SHOT CLINICS** were set up in workplaces and schools from coast to coast as the government and the CDC suggested that as many people as possible be vaccinated against the H1N1 virus that led to hundreds of school closings in the spring of 2009. **AN EARLY START** to the flu season meant victims were affected in higher numbers and more extremely than usual, and that the flu's peak activity came in late October and early November rather than March. Until the vaccine arrived, anyone with H1N1's potential respiratory symptoms was encouraged to stay home rather than infecting classmates or

co-workers. **IN OCTOBER**, the vaccine began arriving in both injected and nasal spray forms. Within four months, 97 million H1N1 vaccine doses had been given to 86 million people in the United States. **TRULY PANDEMIC**, the H1N1 influenza infected approximately 57 million Americans or slightly more than 18 percent of the population between April 2009 and February 2010. About 11,690 people died and nearly 260,000 were hospitalized from the viral infection, which was also known as swine flu. **THE THREAT** of an additional outbreak loomed as the annual flu season waned.

**MTV'S 2009 VIDEO MUSIC AWARDS** were going to be different from the start. In addition to recognizing current work, anticipation of a Michael Jackson tribute ran high. Instead, Kanye West literally stole the show, grabbing the mic during 20-year-old country/pop star Taylor Swift's Best Female Video acceptance speech for a quick rant about Beyoncé Knowles being more deserving. Swift went on to win the Grammy for Album of the Year for her second album, *Fearless*. **ACTOR PATRICK SWAYZE** died at age 57, after suffering from pancreatic cancer for nearly two years. Of his more than 30 movies, he was best-known for his roles as romantic leading men in the films *Dirty Dancing* and *Ghost*. **A GIANT MYLAR BALLOON** took off from a family's yard in northern Colorado, and nationwide panic erupted when it was reported that the six-year-old son might be aboard the 20-foot-long, saucer-shaped helium flyer. A runway at the Denver airport was shut down and search and rescue crews scoured the area below the craft's 50-mile flight path for the child, who was later found hiding in the garage. Subsequent interviews revealed that the event had been planned. The couple was billed for search services and both parents were sentenced to jail time. **THE WORLD'S TALLEST BUILDING**, the Burj Khalifa in Dubai, U.A.E. was completed on October 1 and opened on January 5, 2010. Named after the leader of neighboring oil-rich Abu Dhabi, which contributed billions of dollars to keep Dubai afloat, the building housed a hotel, offices and luxury apartments. At 2,717 feet, the tower with a public observation deck on the 124th floor was the tallest man-made structure ever built. **"BEATLES DAY"** was celebrated worldwide on 09/09/09 when re-mastered versions of The Beatles' albums were released, on the same day the video game *The Beatles: Rock Band* was released. In the major music markets of North America, Japan and the UK, consumers purchased more than 2.25 million copies of re-mastered albums in the first five days of release. In addition, more than half a million *Rock Band* units sold during the game's first month of release. Incorporating many of the gameplay features of the *Rock Band* series, the game included 45 songs by the popular British rock group.

**A YANKEES WORLD SERIES WIN** gave the team its 27th championship with a 7-3 victory over the Phillies in Game 6. Hideki Matsui, the first Japanese-born player to be named a Series M.V.P., led the Yankees' offense with six runs batted in off a homer, a single and a double. The last Yankees' title was in 2000. **THE FIRST STATE DINNER** hosted by President and Mrs. Obama toasted a growing U.S. friendship with India with an evening of regal pageantry on the White House South Lawn on November 24. Visiting Indian Prime Minister Manmohan Singh and his wife Gursharan Kaur were honored guests alongside 300 others. A tradition dating back to 1874, state dinners were the most treasured and formal honor a U.S. president could offer a foreign dignitary, and the most coveted invitation in Washington. Unbeknownst to the Obamas and to the Secret Service, a Virginia couple, Tareq and Michaela Salahi, entered the dinner without an invitation, bypassing all security checkpoints. **SHOOTINGS AT FORT HOOD** killed 13 and injured 30 on November 5. Major Nidal Malik Hasan opened fire on fellow soldiers at the Fort Hood U.S. Army base in Texas; some reports suggested he was unhappy about an upcoming deployment.

**NASCAR'S LONGEST STREAK** of consecutive series championships belonged to Jimmie Johnson, who surpassed Cale Yarborough when he clinched his fourth title in a row, winning seven races in back-to-back seasons. **OPRAH'S PLANS** to retire when her current contract expires were announced nearly two years in advance of her final show. Media mogul/talk show host/philanthropist Oprah Winfrey said she will end her daily talk show in 2011. The show, which attracted more than seven million viewers a day, had been on the air since 1984. **SIGNS OF WATER ON THE MOON** were confirmed without question in November when a satellite intentionally crashed into a crater near the moon's South Pole. Using a two-part satellite, scientists said they created a collision, then measured the debris it created. The discovery was good news for explorers who wanted to set up labs on the lunar surface and to the scientists who hoped that the water, in the form of ancient ice, would reveal information about the history of the solar system.

**HEALTH CARE REFORM** was a priority for President Obama and the Democratic leaders of Congress. In November, they came close to creating a comprehensive system of national health insurance when the House approved an overhaul of the system, 220 votes to 215. **MAX BAUCUS**, Senate Finance Committee chairman, had presented a plan that included many new insurance industry regulations but no government-run health care. The Democrat from Montana believed his bill could bring together Republicans and Democrats for an ambitious overhaul of health care. **TEA PARTY**

**PROTESTS** sprung up from coast to coast, providing a platform for citizens wishing to speak their discontent. While groups of those who felt they could no longer sit still and quietly observe governmental changes that made them uncomfortable took on many traits, the newly empowered activists worked to be visible in many parts of the country. **SENATE VOTES** in November were followed by the Senate's approval of an \$871 billion bill in December. While the two Congressional branches worked to reconcile their bills, it became apparent agreement was not imminent; the debate would continue for months.

# HAITIAN EARTHQUAKE

**DEATH AND DESTRUCTION** were apparent immediately following the temblor which struck near Port-au-Prince, the capital city of Haiti. While fatality estimates topped 200,000, officials conceded that the burial of uncounted corpses would prohibit an exact tally. The quake, which was "felt strongly" in Cuba more than 200 miles away, damaged thousands of homes, including the president's residence. **BUSH/CLINTON HAITI RELIEF FUND**, designed to demonstrate American unity, raised more than \$17 million in under two weeks. In the month following the quake, American

charities sent more than \$790 million in charitable aid. **WYCLEE JEAN, GEORGE CLOONEY & FRIENDS** hosted concerts in New York, Los Angeles and London to raise funds for earthquake victims. Called "Hope for Haiti Now: A Global Benefit for Earthquake Relief," the January 22 concerts included performances by Bruce Springsteen, Madonna, Mary J. Blige, Taylor Swift, Justin Timberlake, Coldplay and Bono. In addition, a remake of the 25-year-old anthem "We Are the World," featuring more than 70 big names representing all genres of music, was recorded to benefit Haitian aid groups.

**JAMES CAMERON'S AVATAR** broke all kinds of records en route to becoming the highest grossing film of all time. Development of the science fiction epic spanned 15 years, partially because Cameron had previously determined that the necessary technology was not yet available to portray his visions for the film. Released for both traditional two-dimension projection and 3-D, *Avatar* was also the first film ever to gross \$2 billion, and it was nominated for nine Academy Awards, including Best Picture and Best Director. **TIGER WOODS** was named the Associated Press Athlete of the Decade in December. Despite a personal scandal that led to an indefinite break from professional golf, he collected nearly as many votes as runners-up Lance Armstrong and Roger Federer combined. Woods won 64 tournaments including 12 majors and earned more than \$81 million during the decade. **A TERRORIST ATTACK** on a December 25 Northwest Airlines flight from Amsterdam to Detroit was thwarted after a student with suspected al-Qaida ties attempted to ignite explosives in flight. **FIFA WORLD CUP SOCCER** tickets went on sale globally, adding more than 1 million new seats to those nearly 700,000 tickets already sold for the June/July soccer matches in South Africa. **CONAN O'BRIEN** left NBC and *The Tonight Show* on January 22, just eight months after he took the reins from Jay Leno. Despite ongoing unsuccessful negotiations with the network, O'Brien planned a busy last week hosting Robin Williams, Barry Manilow, Tom Hanks and Will Ferrell, and he took to the stage playing 70s rock anthem "Free Bird" with the band during the closing credits of his final show. **THE U.S. HEALTH CARE REFORM BILL** passed by the Senate on December 24 was expected to extend insurance coverage to 30 million additional Americans. Following the January 27 State of the Union Address where Obama vowed not to "walk away from" his drive for health insurance reform, additional modifications were made to the White House's proposed health care plan in preparation for a February 25 televised bipartisan health care summit. The six-hour summit was covered on C-SPAN and was the day's news focus.

Hawaii did not receive new snow, but had a base at the peaks of the state's highest volcanoes. Record snowfall affected many parts of the country this winter, from the Midwest where 50-year-old records for most days with 4" or more of snow cover were smashed by more than five weeks, to the mid-Atlantic states where record snowfalls from December to February broke 100-year-old seasonal snowfall records the first week in February.

The new "digital tablet" brings Apple's sleek design and functionality to the masses for an affordable price. Weighing just 1.5 pounds, the iPad is lighter than a laptop, but users will be able to browse the web, access email, watch movies, read books and more. In addition, Apple created 12 innovative new apps for the iPad, which will also run almost all of the more than 140,000 apps available in the App Store. **BRITAIN'S UFO FILES**, made public to civilians in January, totaled more than 6,000 pages detailing sightings from 1994 - 2000. The fifth (and largest) release ever was intended to make access available to a wider audience. **MOBILE CARRIERS JOIN FORCES** to rival Apple's App Store. AT&T, China Mobile, China Unicom, Sprint and Verizon were among the first companies to unite, creating a centralized location for apps for a variety of mobile devices possible because of cross-platform development. The Wholesale Applications Community will represent more than three billion customers worldwide. **OLYMPIC SKIER BODE MILLER** won three more medals at the 2010 Winter Olympics (super combined gold, Super G silver and downhill bronze) bringing the four-time World Champion's record Olympic tally to five. **SUPER BOWL XLIV**, the most-watched Super Bowl and the most-viewed program in television history, saw the New Orleans Saints defeat Peyton Manning and the Indianapolis Colts, 31-17. The Saints, who became just the fourth team ever to win in their first Super Bowl appearance, won with a key defensive play on an interception by defensive back Tracy Porter, and a nearly perfect offensive game by QB Drew Brees.

Nearly 2,650 athletes from 82 nations competed in 15 sports and 89 separate medal events. **SPEEDSKATER APOLO ANTON OHNO** added three new medals to his previous five Olympic medals from Salt Lake City and Turin. Ohno broke

Bonnie Blair's record, becoming the most decorated American Winter Olympian ever. **TWO-TIME WORLD CUP CHAMPION LINDSEY VONN** became the first American female to win Olympic downhill gold. Vonn skied all five of her scheduled events with a bruised shin, medaling in two. **SNOWBOARDER SHAUN WHITE** defended his Olympic gold in the halfpipe with a first run so strong he secured his victory. In a celebratory second run, he debuted a Double McTwist 1260 (which he named The Tomahawk). The new trick contributed to a record score of 48.4, increasing his margin of victory by 1.6 points.

**VICTORY** in hockey gave Canada the Olympic gold the host nation craved on the last day of Winter Games. The 3-2 win over Team U.S.A. came 7:40 into the extra period when 22-year-old Sidney Crosby sent goalie Ryan Miller a surprise wrist shot. Miller was the series M.V.P. and Crosby, a native of Nova Scotia, became the youngest ever captain of a Stanley Cup-winning team in 2009,

when his Pittsburgh Penguins beat the Detroit Red Wings four games to three. **CANADA'S JOANNIE ROCHETTE** captured viewers' hearts, competing in women's figure skating after her mother succumbed to a heart attack in Vancouver just days before. The 24-year-old from Quebec took bronze and became one of the most personal stories of the Vancouver Games. Korea's Yu-Na Kim became her country's first-ever Olympic figure skating medalist when she broke the 200-point mark and captured the gold medal. **AN ICEBERG COLLISION WITH ANTARCTICA**

dislodged another massive block of ice from the continent in February. The original iceberg, known as B9B, measured 60 miles in length and had broken free from Antarctica more than 20 years ago. The new iceberg weighed in at roughly 700 billion tons and, at 48 x 24 miles, contained the equivalent of one fifth of the world's annual total water usage. The two icebergs drifted together off the east coast of Antarctica. **U.S. BOBSLED GOLD** ended a 62-year Olympic drought for America when two-time World Champion Night Train pilot Steve Holcomb with crew Justin Olsen and Steve Mesler and brakeman Curtis Tomasevich dominated action in Whistler. The win meant Germany's Andre Lange, who took gold in the two-man race, failed in his attempt to capture five Olympic golds in as many attempts. **AN 8.8 EARTHQUAKE IN CHILE** on February 27 toppled buildings, left more than 300 dead and caused tsunami evacuations as far away as Hawaii and Japan. While the quake was significantly more powerful than the Haitian temblor that caused massive devastation in January, the damage was minimized by its relatively deep epicenter and strict Chilean building codes that followed massive damage caused by a huge quake in 1960.
